Fertile Ground Levite Music Academy

Our goal at Fertile Ground Levite Music Academy is to help music students achieve higher levels through classes, private lessons, workshops, retreats, concerts and recitals. Through these various learning arenas, you will gain knowledge and information from those who have been where you are now. You will be enlightened and inspired to achieve new heights in your own music, and you will gain tremendously from many different perspectives.

Our purpose is to educate and prepare musicians for a future of excellence through music in our churches.

Fertile Ground offers private lessons and classes in Gospel Organ, Drums, Piano, Voice, Bass, Guitar, Percussion, Praise & Worship Coaching (in partnership with David's House Music Ministry Coaching), and music theory for beginners and advanced students. Equipping the musician to respond and to transport today's worship experience to the highest level of praise, and to embody the true meaning of "Levite".

Our teachers are trained and are renowned in their gifts of teaching and ministry.

Fertile Ground also evaluates each student's progress through recitals and student on site worship demonstrations.
